

CAPABILITY STATEMENT

A woman-owned Nevada firm that forms companies and builds the software they run on. The essentials, on one page.

CORE COMPETENCIES

I FORMATION Business filings and licenses with the Secretary of State, counties, cities and municipalities; banking and operating structure.	II SOFTWARE AS A SERVICE Subscription software designed, engineered and billed end to end.	III WEB APPS AND WEBSITES Web applications and websites, from the interface to the systems behind it.	IV BOOKING SYSTEMS Scheduling and reservation systems for venues, services and teams.
V LOGISTICS SOFTWARE Coordination and tracking of people, inventory and information.	VI APPLIED AI AI systems, including large language models, grounded in an organization's own documents and data.	VII INFRASTRUCTURE Hosting, payments, email, security and monitoring.	VIII BRAND AND PRESENCE Identity, marketing and web presence.

DIFFERENTIATORS

FORMATION THROUGH OPERATION One firm takes a company from its first filing to live software, hosting and payments, with a single point of accountability.	PROVEN IN-HOUSE The firm's own ventures are built with the same competencies it offers clients.	DELIVERED WHOLE The client receives the finished company and its systems, or the firm stays on to operate them.	WOMAN-OWNED 100% woman-owned, by Jewelle Lum, Owner and Chief Executive Officer.
